

CERTIFICATE

This is to certify that Mr/Ms Krzysztof Natalia has successfully topped up qualifications and completed an internship from Fundacja ADD (KRS: 0000502104) in Baia Domizia (Italy) in the area "The Economic Component of Sustainable Development 2020". Along with the educational programme the participant made presentation, took part in the discussions and briefings and contributed to general findings of "Sustainable Development 2020" on the grounds of the multidisciplinary approach. The internship included 72 hours of teaching and self-study.

As a part of scientific internship the following was conducted:

- 1) approbation of the outcomes of scientific research in the international environment;
- 2) lectures and round tables to study scientific and applied aspects of the economic component of sustainable development;
- 3) electronic collection of abstracts.

The total duration of scientific internship was 108 hours, including

- in-class learning 72 hours;
- self-study 36 hours.
